

HARPE

DEVELOPMENT

We are a family-owned and operated company serving Southeastern Wisconsin's Kenosha, Racine, Milwaukee, and Walworth Counties. Our goal is to make your building experience an enjoyable and stress-free from day one. We pride ourselves on honesty, transparency, and accountability; and understand that building or buying a home is one of the biggest decisions and investments of your life.

Owners, Dustin & Cory Harpe and Family

- AJ & GRACE -

“Our second time building with Harpe and we couldn’t of made a better choice! Phil helped us design our dream custom plans, Trish was amazing in the design center, and Jason was excellent at managing our project. We couldn’t be happier with our experience and our home.”

“Working with Harpe was a great experience. Building a home is stressful but they were easy to work with, responded to all our questions right away, and took a lot of pride in the final project. I cannot recommend them enough if you’re looking for a builder!”

- LEAH -

BUILD

STRESS-FREE

We understand that building or buying a home is one of the biggest decisions and investments of your life. This is why we make sure you never feel rushed or overwhelmed at any point during the process. Harpe Development does not employ commission-based salespeople. You will deal directly with the owner, Dustin Harpe, or Phil Anderson, General Manager and Designer. Prior to starting your home you will be paired with one of our Project Managers and Interior Designers that will help guide you through the process of bringing your home to life. Couple that with our state-of-the-art scheduling and selections software, you will always feel informed and have your questions or concerns answered.

- We will build on your lot or in one of our beautiful communities
 - We will build your plan, our plan, or design something completely custom for you
 - Whether you're planning on building a home or condominium, we will customize to your individual needs and specifications
-

QUALITY CUSTOM HOME

We start our finishes at what most builders consider an upgrade! During construction, you will work with one of our two interior designers to select all of the aspects of your home.

Everything from start to finish is conveniently located right at our office and design center located in Kenosha, Wisconsin. You won't have to worry about driving all over Southeastern Wisconsin to design your home or make selections. Our in-house architect and interior designers will work with you to make your home design process the exciting and stress-free experience that it should be. With over 3,000 square feet in our design center, Harpe Development provides endless products and finishes to make your home uniquely yours!

We guarantee that you will receive the highest quality, energy-efficient home at an unbeatable price!

TRUSTED PARTNERS

Here at Harpe Development we understand that your home is a reflection of yourself. This is why we start our standard features at an upgraded level. Over the years we have looked at what our average customer chooses inside of their home and made that our starting point. We also include all site work, permits/impact fees, sewer/water laterals and the concrete driveway/walkway. You will not get an artificially low price from us! We have over 3,000 square feet of showroom space for you to customize everything on the inside and outside of your home.

ALPINE INSULATION

Whatever your needs, you can trust us to offer high quality products and service. A variety of services – from insulation to drywall, Alpine Insulation can help you improve your home's energy efficiency and aesthetic. We install insulation, drywall, plaster, gypsum flooring and steel stud framing.

ABC SUPPLY

Founded in 1982, ABC Supply has revolutionized the roofing materials distribution business with over 800 locations in 49 states, and over 16,500 employees. ABC Supply is your source for exterior building products. Our core purpose is to preserve the American dream by helping contractors and people accomplish extraordinary things. Our mission and values developed with the understanding that this is ultimately not about us, it's about empowering our team to serve real-world business needs to our customers. We may be a national distributor, but we have a small business philosophy. We are here to help you succeed.
